

Temperzone recommends that the maximum voltage should not exceed approximately 7 Volts to avoid extreme air flows, excessive noise and the possibility of water carry over on the Cooling Cycle from the Coil.

CP3W	Connector Plug 3 Way
TB	Terminal Block
TJ	Terminal Joiner
W	Cable

Capacities - Nett to AS/NZS 3823		IXDL
		200
Electrical		
Supply required 230/1/50		
Including voltage fluctuation limits		
FAN	Indoor Fan Motor (EC)	Total 5 off
	Motor Full load amps @ 10 Vdc	A 1.4
	Total Full load amps @ 10 Vdc	A 7.0
Unit Weight - Nett		Kg 103
